What is NaBITA?

The National Behavioral Intervention Team Association (NaBITA) is a membership association that provides a professional home and resources for campus behavioral intervention and threat assessment teams.

What is our mission?

NaBITA is committed to providing education, development and support to school and workplace professionals who endeavor every day to make their campuses and workplaces safer through caring prevention and intervention.

The vision of NaBITA is to make our campuses and workplaces safer environments where development, education, and caring intervention are fostered and encouraged.

NaBITA brings together professionals from multiple disciplines who are engaged in the essential function of behavioral intervention in schools, on college campuses, and in corporations and organizations for mutual support and shared learning. Whether it is to combat bullying, prevent violence, support individuals with disabilities, empower the success of those suffering from mental health challenges, or assist those who are in crisis, or members are joined in common purpose and exploration of best practices.
